FOR SALE

GAMAJET MODEL EZ-8 CLEANING NOZZLE.

Used as an in-field demonstrator only. This nozzle offers the safest way to clean lift stations and wet-wells.

There is no confined space entry – as everything is done from up top.

This model will work with 60 – 80 gpm and up to 500 psi. (runs from the hose reel of a jetter or jet-vac unit).

**Normally \$4,600
NOW ONLY \$3,000**
